3m Trailer Specification

Capacity: 10.8 m³
Gross Weight: 3.500 kg
Pay Load: 2.400 kg

Rear door aperture is 800mm wide x 1900mm high

Each trailer has a temperature range of +5°C to – 22°C, enabling it to chill or freeze its contents.

Trailers come equipped with: a 15-metre power lead, access step, hitch-lock, keys x 3, lockable rear door, shelving as standard and wheel clamp. The units can be powered off a 4kva portable generator, as well as a regular 240v power outlet.
